SHYAMAL & BHUMIKA

INTERNSHIP CERTIFICATE

This is to certify that **Ms. Aashi Shah** successfully completed a three-week internship with Shyamal & Bhumika as a Luxury Fashion Intern during her school break in 2026. Her internship involved 12 hours per week, totaling 36 hours.

During the internship, Aashi gained exposure to luxury ethnicwear design, production, merchandising, and brand operations. Her learning also included creative development, craftsmanship, branding, and the client experience.

At Shyamal & Bhumika, our work brings together Indian heritage, traditional hand craftsmanship, and contemporary couture. This setting gave Aashi a context for understanding how a creative idea is developed through the skills of designers and artisans, and how craftsmanship contributes to the identity of a brand.

- The internship offered her a view of fashion beyond the finished outfit, connecting creative development with merchandising and the experience of the client. It provided a practical introduction to the relationship between design and business.

We are pleased to acknowledge Aashi's completion of the internship and wish her every success in her further studies and future endeavors.
